X-Ray Aprons

Coat Aprons

Radshield's Coat apron's overlapping front design provides double protection to radiation sensitive sternal and gonadal areas. Worn like a Coat, together with our Support Belt, it is designed for the wearer's total comfort by reducing pressure off the back and shoulders and redistributing the weight.

Available in:

.25mmPb, .35mmPb, .50mmPb or combinations thereof.

Standard Sizes:

Small – XLarge. Larger and Custom Made sizes available upon request.

C1-front

C1-back

C1-belt

Closure:

C1 = Adjustable Hook-and-Loop
Fastener and Support Belt with Quick
Release Buckle

Apron Carry Bag

Radshield's Apron Carry Bag allows you to easily transport your protective apron from one location to another. Constructed of heavy-duty nylon, simply roll your apron around the inner cardboard tube and easily insert it into the barrel-style bag. Complete with adjustable shoulder strap and two handles.

A3

Apron Cleaning Solution

Radshield's X-Ray Apron Cleaning Solution (100% Bio-Degradable) is ideal to disinfect, remove stains and eliminate bad odours. Simply spray the solution onto the apron, rub it into the stain with a soft cloth, rinse with water and allow to dry. Do not submerge apron in water or use an abrasive brush, as it will damage the apron's outer covering.

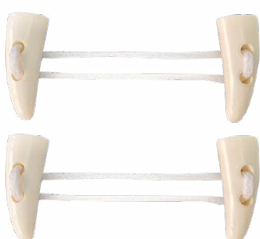

ACS

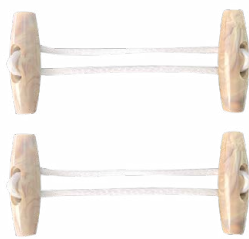

Apron Toggles

Radshield offers 2 (two) styles of Apron Toggles, complete with cord.

Note: Sold in Pairs.

T8

T8.1

Arm Sleeve

Radshield's Arm Sleeve provides protection for the arm against scatter radiation. Available in Left, Right or as a Set.

Available in:

.25mmPb, .35mmPb or .50mmPb.

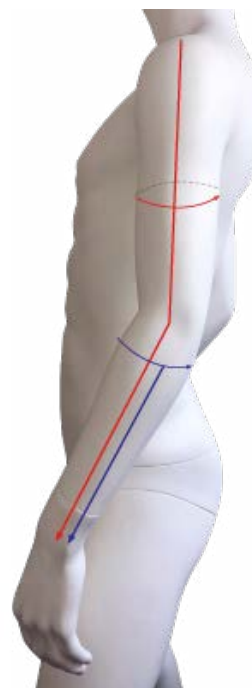

A1

A1-side

HOW TO TAKE THE MEASUREMENTS FOR YOUR **ARM** / **FOREARM SLEEVES**

In order for us to manufacture your Sleeve, we need your measurements as indicated i.e. your bicep **circumference**, as well as the length from the shoulder seam of your shirt/blouse down to your wrist i.e. where you would like it to end ... or your **forearm circumference** measured from below your elbow down to your wrist i.e. where you would like it to end. When measuring, please ensure that your arm is straight and also, that the end of the Sleeve does not cut and/or rub against the top of your hand.

Forearm Sleeve

Radshield's Forearm Sleeve provides protection for the forearm against scatter radiation. Available in Left, Right or as a Set.

Available in:

.25mmPb, .35mmPb or .50mmPb.

F1

F1-side

Face Shields

Whether you wear prescription glasses or want to protect your eyes and nose from radiation and liquid splashes, these shields are an indispensable part of your radiation protection attire. The shields extend downwards from a dual adjustable headpiece. Adjust it to the perfect angle for you by simply rotating the dials on the headband for a secure, comfortable fit. The Face Shields cannot be sterilised at high temperatures or with high pressure sterilisation methods, so clean by wiping with a soft cloth and non-abrasive cleaning materials.

Available in: .10mmPb

H20 Weight: 350g

H21 Weight: 395g

Note: Face Shields are supplied with a Storage Bag

H20

H21

Gloves & Mittens

M7

Radshield's M7 Mittens provide complete protection to the hands and are soft, supple and a pleasure to wear.

Available in: .25mmPb, .35mmPb or .50mmPb

Standard Sizes: One Size
Fits All - Sold in Pairs

M8

Radshield's M8 Mittens allow fingers (not thumb) movement, whilst providing complete protection to the thumb and back of the hands. Soft, supple and a pleasure to wear.

Available in: .25mmPb, .35mmPb or .50mmPb

Standard Sizes: One Size
Fits All - Sold in Pairs

Straps & Restraints

V5

Radshield's patient restraining Hook-and-Loop Fastener Straps are as strong as our Webbing Straps (**Code W5**) and soft on the skin. Easily applied, they are fully adjustable, re-useable and can be cut to any length.

Standard Sizes:

2.5cm Wide x 100cm Long
3.8cm Wide x 100cm Long
5cm Wide x 100cm Long
10cm Wide x 100cm Long

Note: Shorter and Longer lengths can be manufactured upon request.

W5

Radshield's patient restraining Webbing Straps are fully adjustable and re-useable.

Standard Sizes:

2.5cm Wide x 100cm Long
3.8cm Wide x 100cm Long
5cm Wide x 100cm Long

Note: Shorter and Longer lengths can be manufactured upon request.

Patient Restraint Belt

PRB

Radshield's patient restrain belt prevent retakes, unnecessary x-ray exposure and keep patients secure during x-ray examinations. Just wrap this belt around the patient to control his or her movements during the examination. The sturdy hook-and-loop fastener won't come undone and is strong enough to secure an unstable patient.

Standard Sizes:

13cm Wide x 195cm Long

Colour: Black

Note: Shorter and Longer lengths can be manufactured upon request.

Note: Shorter and Longer lengths can be manufactured upon request.

Table Drapes

Radshield's Table Drapes, which protect staff against scatter radiation to their lower extremities, can be manufactured to fit securely to any style of table. Select either a single-sided drape, or double the protection with double-sided drapes. When ordering, please specify the width and length you require.

Available in:

.25mmPb, .35mmPb, .50mmPb or 1.0mmPb.

Standard Sizes:
